Course selection for International Exchange Students in the Business School

As an incoming exchange student at Hochschule Trier, you are not required to follow courses of only a single study program. Within your study level (bachelor or master), you can select courses from different study semesters or different programs, provided that the courses do not overlap. In certain cases, students will have the possibility to attend a seminar. Term papers can be written in English. Please note: In some courses/seminars the number of participants is limited.

Bachelor
